This is a total bargain, it is a property on a fourth floor facing west, it takes all day sun and is very bright. Inside the property is all completely new and renovated.

We have put a new kitchen of high quality, a bathroom with shower, all electricity is new, ventilation, water heater, doors, windows and has two air conditioning machines. One in the living room and one in the bedroom. If this is not enough.

It is in an unbeatable location in the center of Sabinillas with easy access to public transport, supermarkets, gym, doctor etc.

And only three minutes from the beautiful blue flagged beaches.

If the apartment gets too small, take advantage of the communal terrace of this building with its beautiful views of the sea and which is very private for those who like to sunbath.

Great holiday apartment.
