Address: Estepona, Málaga

Innovative residential complex located in a tranquil frontline beach setting on the Costa del Sol, offering absolute privacy, verdant surroundings and state-of-the-art amenities.

As one of the most coveted and well-established residential destinations in Europe, the Costa del Sol covers just about every attractive option for homebuyers seeking a luxurious lifestyle on the Mediterranean, or even an excellent for-rent investment opportunity.

This is one of the only luxury frontline beach complexes with a contemporary architectural design. It captures the essence of the setting: a fully-gated haven of serenity and security in the heart of one of the Coast's most popular residential areas of Estepona. It is well isolated from other nearby urbanisations and protected by a wide pinewood and public green areas.

It comprises, three, four and five-bedroom exclusively-designed luxury townhouses, from 319 to 449 square metres including underground area, terrace and solarium. An innovative design that enhances natural lighting, including architectural details, double heights and open kitchens that provide spaciousness and spatiality. Each townhouse has a private roof terrace with jacuzzi, pergola, floating floor and barbecue area. Its own underground garage has a direct access to the house through an ample laundry and service area, as well as communal parking spaces for guests. The homes also have a fireplace, under-floor heating (waterbased in living areas and electric in bathrooms), hot and cold air-conditioning, and finished and upholstered wardrobes, plus the latest domotic home systems.
