Address: La Isla, Murcia

Situated on the ground floor of a modern, newly built apartment building over-looking the golf course. A little river circles the building, giving the development its name 'La Isla' and also adds an extra feature to your private garden area. As you enter the property, you are greeted by a bright and open living room and kitchen area. The living room and kitchen are separated by a dividing wall with a built-in breakfast bar. Between the living room and kitchen there's space for a dining table and chairs, brightly lit by a north-facing window. Large sliding doors lead out to the terrace and further on to the garden with the river at the far end. To the left of the living you'll find a guest bedroom, bathroom and master bedroom with access to the terrace and garden and built-in wardrobes. This particular property has been beautifully furnished by Decovarte Interiorismo, a local interior design company and furniture supplier based in the Polaris World Business Park just off the San Javier motorway. They specialise in high quality furniture and decorations for your home with a talented eye for subtle, artistic design with a personal touch. Opened in 2010 the Las Terrazas de La Torre Golf Resort is located just a couple kilometres away from its sister resort, La Torre Golf. It is also just 15 minutes away from Murcia airport, 1 hour away from Alicante airport and is spoilt by a wide range of beaches, restaurants and thriving cities all within 20 minutes drive of the resort as well as an on-site supermarket and 12 communal pools. 'La Isla' is phase 3 of a proposed 6-7 phase development and although the current prices of these properties reflect the lower occupancy of phase 3, prices won't stay this low for long.
