Just outside we find the bus station and a few steps away at the Renfe train station.

The situation allows you to be able to walk quietly along its streets and get to all kinds of business, bars and restaurants and of course go to the beach which is just three minutes.

Community is quite as most of the floors are offices.

The apartment has an American kitchen with laundry, living room, two bedrooms and a full bathroom.

The living room and the main room have access to the balcony.

It is a first floor so it has a good luminosity.
