Ondara Central town house for sale to reform. For sale centric town house in Ondara, located in a small square with little circulation very close to the cultural center of the town.

The house totally to reform, has two heights and a built area of 375m². with the possibility of making a large interior patio dedicating a part to the horticulture since the climate of the area is ideal for this type of hobby. On the top floor, you can make up to four bedrooms if desired where you will have beautiful views of the village as welcoming as Ondara. On the main floor, it is possible to locate a fireplace as well as a large dining room since it has enough surface.

In the immediate vicinity there are parks, health center, pharmacies, schools as well as shops where you can make purchases of artisan food products, bazaars, banks and supermarkets. Just two kilometers away, the Portal de la Marina Shopping Center is located where you can enjoy the leisure areas that it also hosts the multitude of shops.

Ondara has the Sierra de Segarí; ideal for hiking and walking the trails while observing the flora and vegetation offered by the Mediterranean climate.

The city of Dénia and the beaches of the town, are just eight kilometers away, giving the possibility of taking a bus to travel both there and to the rest of towns and cities of the national territory.
