Ondara Villa to reform with land of 16760m². For sale villa to reform with a large urbanizable land in the town of Ondara Alicante.

On a land of 20 flooded, specifically 16760m². urbanizable, we find this one-story house with an area of 250m². The house is distributed in 6 large bedrooms, two living room with access to terrace, plus bathroom. The house is totally to reform but highlights the location where it is located; in full field, surrounded by own fruit trees and the possibility of reforming the raft to use it as a pool. It also has a garage, covered barbecue and a room to use it as a storage room.

It also has a large lot, with the possibility of doing it urban. The location is excellent because of the proximity to the town of Ondara, which is only 500 meters away and where you can visit the old town and do the shopping in the local shops that are located in the old quarter. The Portal de la Marina shopping center is 15 minutes away by car and Las Marinas beach is 20 minutes away.

It is a unique opportunity both to renovate the house and live all year surrounded by nature or for the construction of new buildings.
