Costa del Sol Living are proud to be able to offer you our latest new project right on the beach in the middle of the Costa del Sol.* Set in a privileged position with around 10.000m² of landscaped gardens and communal pool areas this project is tucked uniquely on the beachfront close to the popular town of Estepona.* Plans are to build 68 apartments and exclusive penthouses plus 2 magnificent villas using only the best materials for a neutral environment with large open spaces and all finished in a modern design.* With direct access to the Mediterranean Sea this development has been designed to maximise the views, so from every possible vantage point there is an outlook through the large glass windows. There is a constant amount of light from the sun with the reflection from the sea beaming in a truly special place.* The apartments have different distributions and measures, of 2, 3 and 4 bedrooms and even with their own garden for those located on the ground floor and the penthouses, with 3 and 4 bedrooms, have a large terrace with privileged views to the sea and with their own pool.
