Address: Estepona, Malaga

A semi-detached townhouse located a short distance from the port and shopping area of Estepona with its long sandy beaches and popular marina. The property benefits from having a completely separate apartment in the basement with its own access and independent kitchen area with a garage and large private garden of 295m<sup>2</sup>. There is also 3 communal pools and garden areas that form part of the development. The property has 5 bedrooms over the 4 floors with 3 bathrooms. This house would be a good investment for anyone looking for a refurbish project as it is in need of updating but has a lot of potential especially due to its prime location with proximity to the promenade and town centre where you will find many amenities including some great bars, restaurants and shops that Estepona offers. The golf course of Valle Romano is also only a short drive away.
