Off plan stunning turn key modern and contemporary Villa built on one of the most exclusive areas of Sotogrande. This particular villa is an example of just one example of several different designs we have available. Each villa has been specifically designed with all the best materials in mind for your comfort and luxury throughout from high quality stone tiling to underfloor heating throughout. A motorised gate will provide easy access to the property where all exterior door and windows are crafted from aluminum to give you added insulation, security and style. Hot water is supplied by the latest thermal solar panels benefiting from low cost fuel throughout the property. Kitchens will be beautifully designed using the Italian collected from Miltan and Bosch appliances. With a good selection of Villa designs available we have something for all requirements as well as a choice from many plots in various locations on the Costa Del Sol.
