Icon Signature Villas is the realisation of six distinguished architects who have come together to create a lifestyle sensation: a landmark project offering unique architectural designs that harmonise with the natural surroundings. Rodolfo Amieva Jacobson, Eduardo Orta, Hugo Torrico Camacho, Manuel Burgos Cornejo, Jose Munoz Campos and Patrick Murphy bring to this exclusive project the individual qualities that have given their exquisite work international recognition. This resort is not about uniformity: it's a distinctive living and lifestyle experience - with unique signature villas that are true works of art. The designs explore the dynamics of space to produce a seamless blend of indoor and outdoor living using clean architectural lines, luxury interiors, the highest quality materials and inspirational landscaping to deliver a superb finish for the discerning, international market. The beautifully designed villas have five bedrooms and bathrooms with a generous minimum build size of 350 m2 interior plus large terraces and basements with breathtaking golf and sea views. Icon Signature Villas is the ultimate living experience.
