Address: Moraira,

With a modern style we decide to start the year with this beautiful villa. This wonderful project will be built in 2016. It is located in the town of Moraira, in a quiet area with a fantastic sea views. Built with the best materials and by professionals, this villa will have 2 habitable floors above ground and one below ground. In the basement it has a garage for two cars, utility room, an office with storage room and bathroom and a gym with bathroom (to these rooms could be given the use you prefer). On the ground floor is the entrance hall, and you will see immediately the staircase. This plant has a toilet, a laundry room, kitchen and the living room. In this plant there is a barbecue area, a storage room, a bathroom and a covered terrace next to the living room and barbecue. Upstairs will be the master bedroom with dressing room and en suite bathroom and two more bedrooms with en suite bathroom. This floor also has a terrace area and a pergola. The villa will look amazing.
