This beautifully renovated 3-4 bedroom village house of 175m² with terrace, courtyard and pool is perfect as a family home and would also be ideal as a Chambre d'hôte or gîte rental.

The house consists of three large en-suite bedrooms, a large living room, dining room (or fourth bedroom), bathroom and fabulous kitchen leading to the dining terrace with stairs down to the pool.

On the ground floor there is a garage with wood storage plus a space with laundry / small kitchen which could be converted into an independent apartment. This leads through glass doors to the pool courtyard with its 6 x 3 meter salt water pool.

The renovation of this house dating back to 1837 is a beautiful blend of high-end modern materials and finishes ? travertine floor tiles, wooden double-glazed windows, a wood burning stove made of soapstone - matched with exposed stone walls, wooden beams and some original decorative floor tiles.

There is double glazing throughout, a very efficient wood burning stove in the salon and electric radiators or radiator points.

The pool courtyard is around 120m² and has lovely exposed stone walls on either side.
