For Sale in one of the best prestige urbanisations of Javea: Villes des Vent.

This 4 bedroom villa, 3 bathroom and 1 separate guest toilet offers a modern and zen home experience. High ceilings, wooden beams, lots of windows, bring daylight and natural feelings to the house from both south and north parts. The house had a full reform completed during the year 2017/2018, new landscaped gardens, new swimmingpool and an eyecatching new kitchen. This house is a must seen. Only serious requests!

The pool is facing south and is surrounded by terraces and plants so you will have a constantly feeling of peace, rest and nature. The pool is heathed with an option to heat up to 30gr for all year usage. The pool has a cover and a fully automatic cleaning robot. There is a luxury outdoor shower.

The Urbanisation Villes des Vents is one of the best urbanised urbanisations of Javea. Drainage of waste water, gas underground, electra under ground, bright streets, street light, pavements and fast access to the mainroad making this urbanisation perfect for families. Explore Javea and enjoy one of the best offers within this price range.
