In the middle of Berlin and near the "small diplomatic quarter", exclusive condominiums with extraordinary architecture and elegant interiors are being built. The exterior of the project is not commonplace: all six buildings have their own facade made of different materials. Natural stone, wood and masonry are used alternately. The design is based on the environment with old townhouses and the almost sacral-looking Markisches Museum in the Kollnischer Park. This facade design creates a meaningful connection between tradition and modernity. 133 residential units on 6 floors Small, compact and larger apartments, spacious penthouses and townhouses 1 to 5 rooms, apartment sizes about 33 to 160 sqm Purchase price: 263,000 € - 1,383,500 € Price / m2 from 6.242 € Grand lobby and lifts Balconies, terraces and gardens to the leafy courtyard Noble oak floors underfloor heating Additional Information Important disclaimer: All information about the property is based on information provided by the seller(s) and/or their representatives.
