This beautiful villa was recently built almost from scratch with the best qualities and with care for all the details. All rooms and areas are very spacious and open with lots of natural light. The house is distributed all in one level with an open plan kitchen, dining area, living room with open fire. In the main house there are a total of 4 double bedrooms and four bathrooms, 2 on each end. The bedrooms are spacious, and some have a dressing room. There is also a laundry room. Separate from the main house there is an extra bedroom with en-suite bathroom and dressing room. The house is surrounded by the easy-maintenance garden. The plot offers lots of possibilities to enjoy the sunny days by the Mediterranean. The covered terrace, BBQ, pool with cascade and whirlpool offer a chill-out feeling. And now add to that a beach volley court, children playground and a roof terrace to complete the selection for exterior activities. The house has many details that prove the high-quality and taste. The house is full of light and has character. The large pool level with outdoor kitchen, BBQ, storage room and dining space, as well as a typical Spanish patio round off the offer. Enough space in the private driveway gives plenty of parking space. This is the house for: you only live once! The property is only 6 km from Denia. Other close cities are Jávea at 14 km, Oliva at 20 km. The Commercial Centre in Ondara is only 5 km from here. The beaches start at less than 4 km and La Sella golf is at about 5 km away. The international airports of Alicante and Valencia are 102 and 110 km in opposite directions respectively.
