Bedrooms: 5

Bathrooms: 4

M2 Living: 317<sup>2</sup>M2 Plot: 3000<sup>2</sup>

M2 Terrace: -

Address: Javea,Alicante

Recently renovated country house with big plot and lots of features that offer a high-quality life by the Natural Park Montgó and Jávea, with the Mediterranean Sea just a stone's throw away. The house is distributed in three floors. On the main level there is a long open terrace with views straight to the pool. From here you pass through the closed interior terrace to the living room full of natural light with chimney. Through Tosca arches you get to the dining area and the fitted kitchen. A corridor leads to the bathroom, 2 bedrooms and the master bedroom with shower room, big dressing room and exit to the terrace. By internal stairs you access the second master bedroom with its own shower room, chimney and private terrace with breath-taking views. Again, by internal stairs you go down up to the ground floor where you find an additional bedroom, shower room, lot of storage and the garage. It could become an independent apartment. Separate from the main house there is a building used as an office now offering an extra private space for working from home. The garden offers total privacy and a place to relax and enjoy the views to the Montgó mountain. There is an exterior kitchen by the salt-water 12x6 m pool, a tennis court, special area for the dogs and a carport for 2 cars. We believe it is a great opportunity. The house is 3 km from Jávea, 6 km from La Sella golf, 5 km from the beach and 15 km from the Shopping Centre in Ondara. The airports of Alicante and Valencia are 110 and 120 km away respectively. Gas central heating, A/C, 12x6 m pool, garden, 2 wood-burners, 2 large storage rooms, bodega, 5 bedrooms, 3 shower rooms, 1 full bathroom, large covered porch, open plan living dining area, original tosca stone archways, modern fitted kitchen, garage, carport, parking, alarm, office fully equipped with own electric system, electric gate, outside kitchen and BBQ area, water deposit, automatic irrigation system, double glazed windows, telephone, internet and satellite TV, etc.
