Address: Moraira, Alicante

A top floor, 3 Bedroom Apartment for Sale in the very centre of the up market coastal town of Moraira.

You access the building through one of the town's principal roads, Avenida de Madrid. A lift brings you up to the fourth floor where you share the hallway with just one neighbour. You enter the apartment directly into the open living/dining room, and kitchen area from where you have access to the balcony on one side and to the other side the hallway that leads you to the three bedrooms and the bathroom.

From the terrace there is room for a table and chairs and you have views over the pretty port town of Moraira.

This very well-positioned apartment is ready to move into but could do with some TLC, to turn it into an ideal holiday 'lock up and leave' property or as a great rental investment.
