Address: Ciudad Quesada, Alicante

On offer here is a complex composed of three detached houses located a few metres from the most beautiful and important protected area of Alicante, la Laguna de La Mata and la Laguna de Torrevieja, a privileged place for those who love nature and quietness. It is situated close to the commercial area of Ciudad Quesada, where you can find shops, cafés, pubs, supermarkets and much more without having to travel long distances. Its location allows you to enjoy golden sandy beaches such as la Mata beach, el Moncayo and the Dunes of Guardamar. These beautiful villas also lean towards the reduction of energy costs through an aerothermal system. This means not just an energy saving of 75% but also the protection of both the environment. The three detached houses are spread over four levels: the basement, the ground floor (living area), the first floor (sleeping area) and the solarium.
