New turnkey built villas 1Km from the sea

construction of exclusive independent villas in Los Alcázares. They are being built next to the La Serena golf course in Los Alcázares, a picturesque town on the Mar Menor, approximately one hour from Alicante airport and half an hour from the new Corvera-Murcia airport.

Perfectly located in the urban area of Los Alcázares and just 1 km from the sea, with all the necessary services walking from your home.

With large plots of more than 300 m2 and distributed over 2 floors, they have a lot of free space on the plot to sunbathe or install a private pool (at an extra cost).

The properties consist of a living room open to the kitchen with access to a garden. One of the bedrooms is located on the ground floor with access to the outside. The upstairs bedrooms have private terraces. There is access to two sunny rooftop solariums where you can enjoy views of the golf course or the sea in the distance.

The villas have three bedrooms with bathrooms and two of them with dressing rooms, there is also a toilet on the ground floor and a storage room under the stairs. You can choose between different parcel sizes.
