In L'ametlla de Mar is this country property with 2 houses on it. The country property has 2 hectares ground with olive and carob trees. Furthermore the country property would be ideal for horses, as the land is flat and there are already some paddocks.

The houses have double glass windows, high ceilings and a lot of incidences of light through the windows.

Main house:

salon/dining room, kitchen, a very special bathroom (with underfloor heating) and 2 bedrooms

House 2:

2 rooms and a bathroom. This house could be transferred into an extra annex but can also be used for special events like yoga etc.

Outside you will find a porch, several terraces, large "pizza" oven, bodega, paddocks and garage.

There is central heating in the main house and in the annex there is a wood burner.

Electricity is by a solar system and water is by cisterna (22.000 liters). There is the possibility to connect the water with a neighbour.

Very quiet area but still not too far from El Perello and L'Ametlla de Mar
